

Approved Input Certificate

Japanese Agricultural Standard

Canadian Humalite International Inc.
5719 97 Street NW, Edmonton, AB T6E 3J1

Reg # 334

Pro-Cert Organic Systems Ltd. (Pro-Cert) hereby confirms that the input(s) listed below, and in the attached Approved Input Summary, may be used in the production and/or processing of organic products in compliance with the requirements of the **Japanese Agricultural Standard for Organic Plants (Notification No. 1605 of the Ministry of Agriculture, Forestry and Fisheries)**. This confirms that the input(s) so listed are produced in compliance with the annotations pertaining to production of the input(s). Note that this approval does not waive the requirement for operators to comply with any restrictions on use as required by the standards and annotations for product use listed therein. Operators wishing to include approved input(s) in their organic production plan should consult with their certification body and obtain approval for use prior to any application of the input.

Inputs Approved for Organic Use:

Humate

See the attached detailed Approved Input Summary

Approval Based on: Document Review On-Site Verification

Effective Period of Approval: March 20, 2018 to March 20, 2019

Initial Date of Approval: November 3, 2015

Date of Issue: March 20, 2018

This approval certificate remains in effect until surrendered by the holder or until suspended or cancelled by Pro-Cert Organic Systems Ltd. The extension of the approval requires an annual update of the input production plan, and on-site verification (where required) and annual evaluation by Pro-Cert.

Certification System: #6 according to ISO/IEC Guide 67

A handwritten signature in dark ink, appearing to read "J. Wallace Hamm".

J. Wallace Hamm, M.Sc., P.Ag., General Manager
